- Pipe transits

Upstream Products and Services

Company	Product and Services	Company	Product and Services
Deep South Chemical	Wellbore clean out and oil base mud displacement	iTs	Tubular and casing Running Services
Packers Plus	Innovative high-value completion technology solutions.	Cougar	Downhole tool rentals
Gentherm	Streamlined Thermoelectric Generators (TEGs)	Premier Corex	Leading independent core analysis and formation damage assessment
RS Clare	Manufacturer of specialized valve lubricant and sealant	Enventure	Expandable Solid Tubulars
Rigminder	Remote monitoring of rig functionality and remote DD control	Hilong	Specialized provision of drill pipe, drill collar, mining drilling tool and hard banding.
Innovex	Casing & Downhole drilling tools and equipment.	Island Water Technology	Specialized in decentralized wastewater treatment system
Top Co	Cementing Accessories.	Typhon Treatment	UV LED solutions at Municipal scale that significantly reduce: footprint, maintenance, fouling and ancillary infrastructure
Vortex Oil Engineering	Extracting crude oil from reservoirs and using flood water in more efficient, cost effective and environmentally friendly way		

Downstream Products and Services

Company	Product and Services
Transvac	Ejector solution for enhanced recovery, production boosting, flare gas recovery and produced water treatment
Verga engineering	Direct fired heaters and process furnaces
Zeeco	Burners, Flaring system, Incinerators, Combustion technologies
SIAD	Reciprocating compressors, cryogenic type Nitrogen plant, air separation units
MCT Brattberg	Multi cable and pipe transits, RFCS cabinet seals, high-pressure sealing for cables, pipes and cable glands

Company	Product and Services
Lebracs	Rubber Lining
Duflon	Fluoropolymers lining (PTFE, PFA, FEP, ETFE)
Sinergia Spa	Membrane type gas generators, PSA gas generators, air & Nitrogen compressors
Prosep	High-efficiency static mixers, innovative mixing and separation technologies

IT Telecom and Security Services

**Tech
Mahindra**

TechMahindra Arabia Company

Tech Mahindra Arabia Company provides IT services in the areas of:

- Network services
- Engineering
- Operational & maintenance services
- Business process outsourcing
- Consulting, application development and management
- Integration
- Remote infrastructure management

IT Telecom and Security Services

Security Products and Services

Company	Product and Services
SPEX Forensics	SPEX Forensics manufactured and sold Forensic Light Source as Reflective Ultra Violet Imaging systems (RUVIS), Fingerprint Image Enhancement Systems, and Automated Fingerprint Identification Systems
DARKTRACE	Darktrace is a global leader in cyber security technology. Darktrace's mission is to empower organizations to stop the disruption that cyber-threats can cause, across digital infrastructures everywhere. Amid a constantly changing threat landscape, Darktrace AI enables organizations of all industry sectors to build up resilience against novel attacks, by autonomously learning their 'digital DNA'
